TECHNOLOGY

**EXO SHIELD
10K MEMBRANE**

delivers protection and breathability for experts and beginners alike. This 2-way stretch recycled laminate thrives in moderate activities in lower-moisture conditions—ultimate comfort at an affordable price.

**EXO SHIELD
20K MEMBRANE**

is the do-it-all fabric. The 4-way stretch recycled laminate offers unrestricted mobility with the perfect level of protection for any wet or dry conditions from Sierra cement to the Ice Coast and everywhere in between.

**EXO SHIELD
30K MEMBRANE**

provides the ultimate in waterproof protection and breathability. Designed with purpose, this 4-way stretch recycled laminate performs in the harshest conditions and the most strenuous activities.

A close-up photograph of a boys' jacket. The jacket features a black collar, a red zipper, and a camouflage pattern in shades of grey and black. The Spyder logo is visible in red on the right side of the collar. The background consists of horizontal black and white stripes.
